

Application for ESSAS Endorsement of Activities

If you wish to be officially recognized as an ESSAS project please fill out this form and send via e-mail to Franz Mueter (fmueter@alaska.edu), Naomi Harada (haradan@jamstec.go.jp) and Benjamin Planque (benjamin.planque@hi.no). Endorsement entails both benefits and responsibilities. Benefits include:

1. Increased visibility and reach of your project through annual updates to the ESSAS Scientific Steering Committee (SSC) and the broader ESSAS community on your project activities. These updates will be led by national representatives on the SSC.
2. Opportunities to host workshops and interact with other researchers from the circumpolar North and the broader IMBeR (Integrated Marine Biosphere Research) community at ESSAS Annual Science Meetings, ESSAS Open Science Meetings (held approximately every 5 years) or IMBeR scientific symposia.
3. Opportunities to engage in comparative analyses across regions, which can be promoted and facilitated through ESSAS working group activities, scientific workshops, and ESSAS sponsored scientific sessions.

Responsibilities include a brief update on completed and upcoming project activities to the ESSAS SSC through one of the national representatives on the SSC to identify opportunities for collaboration and future comparative analyses.

A decision will be made by the ESSAS Scientific Steering Committee within approximately 2 months of receipt of the application.

1. Project title

2. Applicants

Project Leader

Name:

Organization:

Mailing address:

E-mail Address:

List of other Key Participants: (no more than 3)

Name:

Organization:

E-mail Address:

3. Abstract (Brief summary of project (1/2 page maximum))

4. Region(s) of Study

5. Timetable for Activity (start and end dates).

6. Funding

Has funding been obtained? Yes _____ No _____

7. Linkages with other Programmes

Is the project part of a National Programme? Yes _____ No _____
a Regional Programme? Yes _____ No _____

If yes please provide the title(s):

8. Comments or additional information

9. Signature of Project Leader

I am aware of the responsibilities associated with endorsement by ESSAS:
